FEBRUARY 2012 / MINISTRY OF LANCE & GERRI WELDGEN
WWW.SONMINISTRIES.NET

The Baby has Clean Water THANKS TO YOU!

Remember the young mother that told us she had to pick dead bugs out of her baby's drinking water?

Now, we are happy to report that the baby drinks clean, bug-free water, thanks to YOU!

The first water well of the *Living Waters Project* has just been completed! This first well supplies enough fresh water for about 210 families in this village. And we did it under the budget of \$1,000 (with \$27 bucks left)!

Way to go for supporting this endeavor! You did it! Now that we have 1 well down, there's 4 more to go for other villages. **Will you consider giving more of these families *Living Water*?**

MORE *Miracles!*

Recently it was a power-filled day in a village in Andhra Pradesh! We had ministered in village churches there for hours and hours, and prayed for so many people.

As we were getting in the car to leave, someone told us *there was one more man in the village that wanted prayer* - but was unable to get out of bed.

They led us to his cot outside his small house. He laid there with so much pain in his back, unable to get up or even talk!

We took authority and commanded his body to be well and assisted him in getting up for the first time in *so long!* And all the people watching cheered as the man said "Jesus, Jesus, Jesus!"

You see and hear about all these things happening in India because of your support of Son Ministries. **Over the past few months there wouldn't have been the water well or all these healings, without your financial support to keep us in India! Thank you!**

Keep the Son in your eyes!

-Lance & Gerri

Without YOUR support there would still be a sick man on his bed in this village!

Yes! I want to give 4 more villages some *Living Waters!*
Here is my donation of _____.

I pledge to partner with your ministry with _____ a month.
