## Introducing the **LIVING WATERS PROJECT**

### DID YOU KNOW?

72% OF INDIANS HAVE NO ACCESS TO CLEAN WATER.

WITH THE POPULATION NOW REACHING 1.21 BILLION, THAT'S A LOT OF PEOPLE WITHOUT CLEAN WATER!

FIND OUT MORE ONLINE HOW WE CAN GIVE THEM CLEAN, *Living Waters!*

[WWW.SONMINISTRIES.NET](http://WWW.SONMINISTRIES.NET)

### What kind of water do you give your child to drink?

Now, let's imagine that the water you go and get for your child was **untreated, outside in a barrel, and has dead bugs floating on top!?** (That is a *true story* that a young Indian mother just shared with us about getting water for her baby!)

We just visited a village of 4,200 people a few hours northwest of Hyderabad where the people live just like this. The bulk of the water this village gets is brought in by a water-tank truck, which brings the water from a nearby river. **And in India, most rivers have garbage and even raw sewage dumped into them.**

No one should ever have to drink this water!

The children and adults frequently have stomach problems, sicknesses and occasional deaths from the water that they are currently drinking.

And it was in this village where God told me that we were to put our first water well for the "Living Waters" Project!

It only costs \$1,000 to dig one well that will give clean water to 200 families! This price includes one bore well with a 3" casing at a depth of 250 feet, a hand pump with a nice surface base, and the Geological Report that is required to dig. **We want to dig 5 wells in this village so that there will be enough clean water for everyone!**

The people are eager to have clean drinking water. And then when we give them clean drinking water, they may want to drink from the springs of Living Water soon! **That's the reason why we want to dig, so that we have a greater opportunity to share the Gospel with them.**

The geological report is being done and drilling is about to begin. **How will you help families drink of the Living Waters that only Jesus can give?**

*-Lance & Gerri*

**P.S. That young mother wanted us to thank you in advance for the clean water for her baby!**

*Jesus said to her "...whoever takes a drink of the water that I will give shall never be thirsty any more!"  
John 4:14*

Let's give this village 5 new, clean water wells!

Yes! I want to help you dig the first well of Living Water!  
Here is my donation of \_\_\_\_\_.

I pledge to partner with your ministry with \_\_\_\_\_ a month.
